Member of the PwC Spain Executive Committee (2011-2015).

CEO at PwC Auditores, SL (2011-2015).

### *Achievements*

As the responsible partner for a business of some 200 million euros, 50 partners and 1,900 professionals, I have been in charge of all areas of the company including business, strategy, operations, human capital, systems.

Compliance with demanding budgets every year despite being under great fee pressure due to the economic crisis.

Launch of new businesses around the audit with very significant growth and substantial margin improvement.

Executive leadership of a top team with a high level of motivation.

Execution during this period of a deep and successful transformation and modernization process of the internal procedures including commissioning of a shared services centre to improve the effectiveness and efficiency of processes.

High level of commitment from partners and professionals to the project, as demonstrated by the work climate surveys conducted by the firm every year.

International recognition at PwC for our business performance in Spain and the transformation processes carried out.
